

Sunday now don't get scared if
you see me for it is a kind man
alive and if you see any thing
like that in your town you
must not run for it will be me
myself. and you can guess
what it is when you see,

Well Sweet heart I will close
hoping to hear from you again
before you leave and answer
as Brief as possible.

I am your Best Friend
and Real admirer
With Love, as Ever
